Both facilities offer validated parking.

Arrival Time

The surgery center will call you the night before surgery to confirm the arrival time, which is **one hour** before the time of surgery. It is important to allow extra time for traffic delays.

Medications

Medications will be available to pick up on the day of surgery at a pharmacy located next to the Surgery Center. Please feel free to call Dr. Lewin's office if you would like to request a different pharmacy.

Out of Town Patients

Los Angeles can be a very confusing place, so if you flew into L.A. for surgery, please drive by the Medical Center before the day of surgery so you are familiar with where to park and where the Operating Room is.
